

Nguyen Thi Suong

Business Analyst Intern

+84 352 687 849 | Ho Chi Minh City | nguyenthisuong.work05@gmail.com | <https://suongnt05.github.io/Portfolio/>

SUMMARY

Final-year Management Information Systems student with experience in requirements gathering, BPMN AS-IS/TO-BE modeling, and system documentation through academic projects. Familiar with BRD/SRS, Use Case, UML, ERD, SQL, and Odoo ERP. Strong analytical and teamwork skills with interest in business process improvement and ERP implementation.

EDUCATION

2023 - 2027 **University of Transport Ho Chi Minh City**
Major: Management Information Systems

- GPA: 3.42/4.0

PERSONAL PROJECTS

- 7/2026 - 9/2026 **Business Analysis for Chang Kang Kung Restaurant Chain | Business Analyst | Team Project** 
Requirements Analysis · SRS · Use Case · UML · UI/UX · SQL
- Gathered **requirements** through stakeholder interviews, observation, and document review to address order, inventory, and revenue data fragmented across POS, paper, and Excel.
 - Modeled **4 core processes** using **BPMN AS-IS and TO-BE**, identifying operational issues and improvement needs.
 - Defined **8 functional and 6 non-functional requirements** and maintained traceability through a **Requirements Traceability Matrix**.
 - Specified **9 Use Cases** with **Activity and Sequence Diagrams**; analyzed stakeholders using Power/Interest Grid, RASCI, and CATWOE.
- 5/2026 - 7/2026 **Cafe Order Management System on Odoo | Business Analyst | Team Project** 
Odoo ERP · BPMN · Use Case · ERD · POS · Inventory · Purchase
- Analyzed the cafe's AS-IS order and inventory workflows (about 100-200 orders/day) and identified issues in manual order processing and ingredient tracking.
 - Developed **BRD/SRS** covering **10 functional and 5 non-functional requirements** for the proposed order and inventory management solution.
 - Modeled the **TO-BE OMS-WMS workflow** and ERD, then configured and customized **Odoo modules** including POS, Inventory, Purchase, Manufacturing, CRM, and Loyalty.
 - Implemented **BoM-based automatic inventory deduction** and low-stock alerts, supporting ingredient-level inventory control and reducing manual stock tracking.

SKILLS

- Business Analysis:** Requirements Analysis, Business Process Analysis, BPMN (AS-IS/TO-BE), Use Cases, User Stories, Acceptance Criteria, ERP Workflow Understanding.
- Documentation:** BRD/SRS, FR/NFR, UML, ERD, Requirements Traceability.
- Tools & Technical:** Odoo ERP, SQL, MySQL, Draw.io, StarUML, Figma, Git/GitHub, MS Office.
- Soft Skills:** Analytical Thinking, Problem Solving, Teamwork, Communication.

CERTIFICATIONS

- 2026 **Hands-on IT Business Analyst | Udemy – Circle Academy**
- Business analysis · Requirements analysis · BPMN · Figma · Prototype · Business rules · Data dictionary · SDLC
